DETAILED ACTION

- 1) Claims 1-23 are presented for examination in light of the amendment filed 9/8/05.

Allowable Subject Matter

- 2) Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to claim 1, neither Davidson (U.S. Pat 6,354,023) nor Trahan (U.S. Pat 6,354,023), alone or in combination with each other or the prior art of record, explicitly teach an operator interface for a work machine comprising an input device adapted to control both a mechanical linkage and to generate a display input signal and a switch associated with the interface being adapted to switch the operating mode between a linkage control mode and a display control mode, in combination with the remaining elements or features of the claimed invention.

Referring to claims 12, 18, and 23, the claims are allowed for the same reasons given for claim 1 above.

Referring to all other claims, the claims are dependent on allowable independent claims, and are therefore also allowable.

- 3) Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
